LOUIS B. JANVRIN,
WALTER W. COMBS, Trustees.
WALTER LADD,

REPORT OF LIBRARY TRUSTEES

The Trustees of the Library are pleased to report further improvements in your Library. During the past year a cap of insulation has been applied and storm windows have been made and put onto the three north windows through the special efforts of Mr. Walter Coombs and Mr. Edwin Janvrin.

Your Library qualified for State Aid and received over three hundred new books while forty-seven books were purchased from Library funds. Mrs. Thayer Edgerly is now weeding out obsolete, out-of-date and worn-out books. It seems that as more new books are added more people are using the Library. This is particularly true of the young people which, your Trustees feel, is a very healthy trend.

The Board of Trustees regrets the passing of one of it's members, Mr. Clarence Newcomb. Mr. George Vigneau, was appointed to fill Mr. Newcombs' unexpired term.

Respectfully submitted,

E. EMMONS SANBORN,
Secretary

REPORT OF LADIES' AUXILIARY OF THE HAMPTON FALLS VOLUNTEER FIRE DEPT.

The Ladies Auxiliary of the Hampton Falls Fire Department are pleased to report that we've had a very successful year. We wish to thank the citizens of the town for their generosity in contributing to our various projects; food sales, whist parties etc. A very successful play was put on by the Auxiliary and Fire Department. We also had a "Talent Dollar" drive and sold X-mas cards. During the course of the year we have purchased the following equipment for the fire department; two way radio amounting to $165.00 and we now pay for the "Red Line" telephone each month. We also have a goodly balance in our treasury for future needs of the department. We would be happy to welcome new members to our organization at any time. We meet the first Monday of each month, usually at the Fire Station, however there is always an announcement in the Hampton Union.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Hampton Falls School Board:

I herewith present to you my twenty-fifth report as Superintendent of your schools. The current year began on Monday, September 13, 1954 with an initial enrollment of 93. This compares with last years September enrollment of 94 and with 77 of the previous year. Since the registrations in grades one and two are heavier than those of the other grades our total enrollment will increase from year to year. From the census of this year it appears that our first grades will continue to be large. The time is not far distant when grades three enrollment will require an additional teacher.

The people of Hampton Falls are to be congratulated upon the new addition to their school. It continues the same construction and the same advantages that are incorporated within the original building. The window area in relation to floor footage is better than accepted requirements. The artifiical lighting is of a superior type a most important consideration. The size of the rooms makes them adaptable to modern school procedures. The two new rooms have made it possible to hold each of the first two grades in separate rooms. The advantages of this, from an educational standpoint, are evident.

Paralleling a good school building is a good playground. Hampton Falls has the space for such service to its pupils. The local Men's Club and the P. T. A. have contributed to this end but much more needs to be done. I am recommending that a well developed and well equipped playground be made a major project of the coming year. Such a playground does much toward social adjustment of the children. It is also a laboratory

for child study by the teachers. It is one of the basis for good school work.

Supervisory Union No. 21, at its annual meeting voted to employ a helping teacher to serve the seven towns of the Union. This service was made possible by act of the legislature of 1953. By this law the state of New Hampshire contributes $2,500. toward the cost of the helping teacher, the remainder of his salary being apportioned among the districts in the same proportion as other Union expenses. The helping teacher is a full time employee serving throughout the calendar year. His work has proven of great value to our teachers, both those new to the Union and those who have been with us a longer time but are faced with new situations. Mr. Sherman A. Lovering, a graduate of Keene Teachers College and holding a Master's Degree from Boston University was elected to the position, coming to us from the principalship of a Manchester elementary school. He has won the confidence of the teachers and, I feel certain, of the school board members. The teachers feel free to come to him with their problems and have found him ever helpful.

It is always interesting to note the degree of success attained by our graduates in secondary schools. The first marking period ranks for grades seven and eight have been received from Exeter Jr. High School and Hampton Jr. High School. They show our average to be of high "B" grade. Of the 195 marks earned 115 are A's or B's, while 73 are C's or D's. This means that there were but seven failing marks for the first marking period. I believe that your teachers are to be congratulated upon this good rating. It may also be of interest that the average for Hampton Senior High School is also of a "B" grade.

During the school year 1953-54 federal aid under House Bill 874 was again available to the school district.

This bill grants aid to districts for the education of pupils whose parents work on federal property. During the past year Hampton Falls received checks amounting to $1,446.09. Application has been made for the current year and acknowledgement of such has been received from the Federal Department of Health, Education and Welfare. At least three quarters of the present entitlement should be received before the end of the school year. In order that the people of Hampton Falls may know how their school dollar is spent the division of the school dollar is reported below. This is based upon the Financial Report for the year ending June 30, 1954.

I am recommending that the school district adopt the Rinehart Handwriting System for its schools in conjunction with other towns of the Union. By this system handwriting experts will visit our schools, supervise the writing of our pupils, grade their work and analyze the individual difficulties of each. The method is being adopted by an increasing number of school districts throughout New England. It gives the pupils a uniform style of writing throughout their school life. If known results achieved in other districts are a true measure of value, the Rinehart System is well worth the cost involved.

The Supervisory Union was pleased to welcome Miss Olga Sarmiento, a visiting teacher from Mexico. She is one of a group of experienced teachers from other countries studying American education on the elementary level. She visited every district in the Union, attended teachers' meetings and several board meetings. Both teachers and children enjoyed her visits during the five weeks she was with us.

The Hampton Falls Parents Teacher Association has continued its helpful interest in the schools of our town. It is through such an interested group that progress is often made above and beyond the call of duty. I bespeak the membership in this organization of every parent and every citizen of Hampton Falls.

Hampton Falls has a good school plant, a good staff of teachers working wholeheartedly for the success of our children, an interested citizenry and an efficient school board.

For the support and advice of the school board in the duties of my office I wish to express my thanks.

Respectfully submitted,
ROY W. GILLMORE,
Superintendent of Schools
